PASL - Provider Active Services List

This screen displays a list of clients that a specific provider/facility is currently providing services to on the SERL (Services List) screen. Services will only appear on PASL if the service end date is in the future. This includes both payable and non-payable services.

Additional Information

LICENSING WORKERS: If you have a license for a specific provider that is going to be terminated/not renewed, or the provider is changing license types (for example, kinship to regular youth foster home), it is helpful to view this screen and notify any workers who currently have clients receiving services with that provider. This allows them to make any necessary closures/changes to existing services prior to payments being created.
